

All clients will receive written estimates. We believe in fair, honest, and transparent service.

An incident that causes loss or damage to a vessel, or injury to persons, is referred to as a "casualty" or "loss" by the insurance industry, regardless of how it occurs. Anyone that is making a claim for loss or damages, whether an insured or not, is referred to as a "claimant".

At Offshore Marine Group we will investigate each claim, reviewing the evidence, and interviewing the parties involved. We will complete a full in depth report for our clients so they can make an informed decision on how to proceed. We will photo, video, and if requested recreate the incident with the evidence obtained. We have seasoned and skilled investigators with prior law enforcement experience and training in interview and interrogation.

Hourly rate \$150 per hour or flat rate per case can be negotiated.
